

ENTERTAINMENT GIVEN

AT MENDON

The Bellview Boys Community Club gave a very interesting program at Mendon school last Monday night. Erton Henson, president of the Boys' Club, gave an interesting talk on the benefit of the club work. He emphasized the benefit of debating and also of dialogues and plays.

We were proud to have them come over and entertain us. They gave three very interesting dialogues. The Bellview club is well organized. They have a good president and take good interest in club work. We are going to try to organize a club at this place in the future.

We want to thank the Boys' club for coming and hope this will not be their last time of entertaining us.

Some chicken thief entered Pete Harpers hen house Sunday night of last week and took twenty-six Plymouth Rock chickens and they made a second last Sunday night and took forty more. Mr. Harper took the officers Monday and tried to locate the thieves but failed to locate them. They broke the lock each time to get in. If the farmers would get together and the poultry men help they could stop so much of this work that is going on. For some low down man who wont work to steal what a woman has worked hard for the year round to meet the needs of her family I think it is time to drive such characters out of the country or make them go to work.

FOUND A CURE FOR INDIGESTION

"I use Chamberlain's Stomach and Liver Tablets for indigestion and find they suit my case better than any dyspepsia remedy I have ever tried and I have used many different medicines. I am nearly fifty one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to, now," writes George W. Emory, Rock Mills, Ala. These tablets contain no pepsin but strengthen the stomach and enable it to digest the food naturally.
